

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay.

The specification has been amended to eliminate some minor obvious errors. No new matter whatsoever has been added.

The main claim has been replaced with a new claim complying with US practice, and the dependent claims have been amended to better comply with US Rules and depend from the new main claim. All the elements of new main claim are supported by the original disclosure.

The drawing has been replaced with a formal drawing complying with US practice.

As there is no rejection on art, the case is presumably allowable. Notice to that effect is earnestly solicited.

If only minor problems that could be corrected by means of a telephone conference stand in the way of allowance of this

case, the examiner is invited to call the undersigned to make the necessary corrections.

K.F. Ross P.C.
